Non-Compliance

Failure to report the necessary CPEs each year may result in the cancellation of a certification holder's certification(s). For this reason it is important that all CTCB certified professionals submit at least a total of 20 CPEs.

Additionally, if a certification holder is audited and unable to provide appropriate backup documentation for reported CPE activities, this may also result in the cancellation of that certified person's certification(s).

CTCB Handbook | 16 August 2021 version

Reviewed by ME. Approved by ME

When a certification holder is identified to be non-compliant, the certification holder is given 90 calendar days to rectify this state. Failure to rectify the non-compliant state after the 90 calendar days will result in revocation of the certification. After the 90 days has elapsed, CTCB will not re-instate the certification status even if the certified person is able, at that point, to achieve compliance.

CTCB may make exceptions to this policy on a case by case basis. CTCB will notify certification holders who enter a non-compliant state due to failure in submission of CPEs or non-payment of annual dues.

Verification of Credentials

CTCB provides credential verification zone at <https://www.ctcboard.org/certification/> where, individuals or organizations may find and verify an individual's registration status, validity of the certification, certification scheme and more.

Chapter 6 | THE CTCB DESIGNATION

Use of the CTCB Logo

It is essential to understand the proper usage of the CTCB title. Example, the “Certified Counter-Terrorism Practitioner” title and the letters “CCTP” are registered certification marks issued to CTCB by the Patent and Trademark Office. They can only be used when authorized for a period defined specifically by CTCB. There are proper guidelines for presenting your CTCB credential.

Examples of correct use (example):

- David H. Smith, CCTP
- David H. Smith, Certified Counter-Terrorism Practitioner

The CTCB credential is awarded to individuals, not organizations, and should only be used with individual names. The CTCB credential may only be used for the period for which it authorized to be used. The usage expires if practitioners have not met the recertification requirements. Use of these titles beyond the authorized period (without complying with renewal or recertification requirements) establishes an unauthorized use of the credential.

It is permissible to use the credential on a practitioner’s business cards, resume, correspondences or signature. Practitioners may use their CTCB credential in nearly all areas where their name is in use.

Example of proper company use:

Lee Security Incorporated provides the latest security services. Employees holding the certified Counter-Terrorism Practitioner (CCTP) certification include David H. Smith, CCTP and Dana H. Smith, CCTP.

Example of improper company use:

Special Needs Accommodations Policy

The Certification Board will provide reasonable and appropriate accommodations in accordance with the Americans with Disabilities Act (ADA) for individuals with documented disabilities who request and demonstrate the need for accommodation.

The regulations define a person with a disability as someone with a physical or mental impairment that substantially limits one or more major life activities. Documentation is required to validate the type and severity of a disability to enable accommodations to be specifically matched with the identified functional limitation, in order to provide equal access to exam functions for all examinees.

Documentation of the requested accommodation must include documentation of need provided by an appropriate, licensed medical doctor, healthcare practitioner or other relevant professional on the professional's letterhead. The documentation must include the Candidate's name and address as well as the diagnosis of the disability, history of previous accommodations and specific recommendations for accommodations.

Instructions for requesting special accommodations will be published in the CTCB Handbook. The application form will include the option for Candidates to indicate the need for an accommodations request. Special accommodations must be requested in advance using the request for accommodations form in the CTCB Handbook.

Reasonable examination accommodations will be made at no extra charge to individuals with documented disabilities

Accommodation Requests

The CTCB Board Director, in consultation with the CTCB will review applications for accommodations, will communicate authorization or denial of accommodations, and will make test site arrangements as needed.

Test sites and examiner will be notified of any approved accommodations in advance.

Permitted accommodations may include, but are not necessarily limited to:

- Additional time
- Separate testing room
- Adjusted/larger font on written materials
- Auxiliary aids or services

Upon receipt of a request for an accommodation, the CTCB Director will review the information received and may contact the applicant, if needed, to obtain additional information. CTCB Director will determine the feasibility of any accommodation, including the specific accommodation requested by the applicant/participant, taking into account all relevant circumstances including, but not limited to: the nature of the documented disability; the nature of the accommodation; and the accommodation's impact on the Personnel Certification examination.

CTCB Board Director will inform the applicant regarding the accommodation decision. If the accommodation request is denied, the applicant may appeal the decision by submitting a written statement to CTCB Director explaining the reasons for the request. The appeal will be reviewed by the CTCB Director within 30 days of receipt. The decision of the CTCB Director is final.
